

# WE ARE HERE TO HELP, WHEREVER YOU ARE

## PERSONAL, PRIVATE AND ONLINE

**HealthLinkNow (HLN)** is a dedicated network of psychiatrists and licensed clinicians who care for patients via telehealth. HLN provides support to individuals experiencing mental health challenges and is focused on helping them to meet their short-term and long-term treatment goals.

Our care navigators strive to provide a positive patient experience and are readily available to walk members through every step of their journey with HLN, including assisting with the onboarding process, helping to schedule follow-up appointments and answering any questions along the way.

The platform is secure, mobile, convenient and easy to use. Our patient portal allows patients to see appointments, view their health records, make refill requests and stay in contact with their treatment team.

Patients are assigned a provider based on their availability and requested specialties.
